

LA SIA SECURES CONTRACTS WITH A TOTAL VALUE OF AROUND 1.5 MILLION EURO

**THE COMPANY GROWS IN THE ENGINEERING AND ARCHITECTURE SERVICES SECTOR,
WINNING THREE CONTRACTS FROM AGENZIA DEL DEMANIO AND POSTE ITALIANE**

Rome, August 7th 2024 – La SIA S.p.A. ('**La SIA**' or the '**Company**'), a company operating in the engineering & design sector, listed on Euronext Growth Milan, announces that it has won three tenders for a total value of approximately **1.5 million Euro**, called by Poste Italiane and Agenzia del Demanio.

In particular, La SIA has been definitively awarded two framework agreements for a total amount of 1 million Euro, called by Agenzia del Demanio for the assignment of engineering and architecture services and other technical services relating to extraordinary maintenance works on state-owned buildings and/or buildings in use by state administrations and on buildings owned by Agenzia del Demanio, for lots North 2P and Centre 2P. The total duration of the works will be 36 months for each lot.

La SIA was also awarded the tender called by **Poste Italiane** for the performance of technical-administrative due diligence activities and possible real estate regularisation activities on a portfolio of properties owned by Poste Italiane S.p.A., distributed throughout Italy. The service, amounting to **498.810,70 Euro**, will last two years.

Maurizio Ciardi, Chairman and CEO of La SIA commented: *'One year after its listing, La SIA confirms its expertise in the Real Estate sector, highlighting the company's ability to offer complete and high-quality solutions for the management and valorisation of real estate assets. The awarding of these tenders, called by two important entities such as Poste Italiane and Agenzia del Demanio, consolidates our position in the architectural, structural and plant engineering design of complex buildings and confirms the growth of the Civil&Design business unit's activities, thanks also to the investments in research and development and qualified personnel made possible by the proceeds of the listing.'*

The Company

La SIA S.p.A. is a company active in the engineering and design sector, specializing in the design of critical infrastructures in the fields of telecommunications, civil construction, mobility infrastructure and energy plants, through the use of cutting-edge technologies and specific know-how. La SIA is among the top 100 Engineering Companies in Italy, and among the first movers in the introduction of BIM (Building Information Modeling) methodology, also employed for the purposes of safety, predictive maintenance and the protection of the country's artistic and historical heritage. The Company, established in 2004, operates through three business units: the "Civil & Design" line, dedicated to mechanical structural engineering, electrical engineering, and design in architecture; the "Energy & Infrastructure" line, engaged in specialized consulting in project management services, construction and safety management, and training; and finally, the "Telecommunications" line, entirely dedicated to the design and implementation of fiber optic and mobile radio networks.
